The Navy Department to-day received the foiswing report from Admiral Porter: NORTH ATLANTIC SQUADRON, ON BOARD UNI-1 TED STATES PLAN SHIP MALVERNA, OFF SMITHVILLE, N. C., Jan. 20th, 1865. In my last I informed you that Fort Caswell had been blown up and evacuated in consequence of the fall of Fost Fusher. I sent Licetenant

Lieutenant Cushing did not obtain the aid be required; for what reason I have not yet learned, but with his usual energy he pushed on and found that Fort Caswell had been blown up, Baid Head Fort destroyed, and Fort Shaw also, and Fort Campbell, to the westward of Fort Caswell, abandon ed. Hundreds of citizens of Chicago have been perma nently Cured by this Medicine. CALL FOR A CIRCULAR DESCRIBING ALL. SYMPTON DR. D. H. SEELYE & CO., OFFICE-MASONIC TEMPLE, CHICAGO, ILLINOIS.

Measure R. E. Sellers & Co—Dear Sirs:—I have been engaged for the last thirty years in the drng and medicine business, during which time I have sold all the principal Vermitiges that have been before the public.

Some five years ago I received a supply of R. E. Sellers' Vermitiges, which, with the balance, had to stand upon its own merits.

Shortly after receiving it, I seld a bottle to one of our citizens, Mr. Horace Wolcott, and others who reported so favorably of its effects, that I was induced to use it in may own family, when more than my expectations were realized. I am now selling of it fax to one of all others in my store, aniong which are Falmestock's, Molane's and Swaine's. I consider it a safe, prompt and reliable Vermitiges, and ty far the best of any with which I am acquainted. You are at liberty to use the above statement over ray signature, if you see proper.

Yours, Respectfully,

A. F. PRICHARD.

She had night sweats congled a great deal during each night and considerably during the day, and we all supposed she was going off with the consumption, when a friend advised her to take with the consumption, when a friend advised her to take the 'People's Cure.' On taking the medicine she perceived g change at once. On the third day she had recovered her appetite, and was fast regaining her strength, until on the eighth day, not yet having taken one bottle, she has stopped taking the medicine, saying she was as well as ever she was, and as well as any body could be, and she has continued so ever since.
